Terminal Disclaimer

The terminal disclaimer filed on 05/05/2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of us Patent 6,924,324 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The amendments to claims 1, 2 and 6 overcome the rejections or objections to the claims set forth in the first Office Action.

Applicant's statement of common ownership of the instant application and US Patent 6,924,324 by Dainippon Ink and Chemicals, Inc. on page 10 of the response filed 05/05/2006 removes the Patent as prior art under 35 USC 103(a) to the instant invention. The rejection of record is withdrawn.

The rejection under obviousness type double patenting is obviated by the filing of the terminal disclaimer noted above.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Moy et al (6,673,851, 5,945,489 and 6,025,410) teach compositions comprising acetoacetate compounds and acrylate compounds. None of the disclosed compounds correspond to those set forth in the instant claims.
